# COSMETIC INJECTABLES

We offer the following services at our clinic.

Anti-wrinkle injections | Bio-remodelling injections |  
Fat-dissolving injections | Dermal filler | PDO threads.

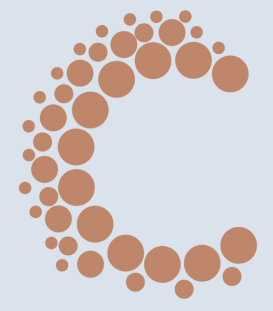

We have 5 experienced cosmetic injectors, who are aligned with our balanced and holistic approach to anti-ageing procedures.

The cost of cosmetic injectables is based on two key factors; the individual treatment plan and the amount of product required to achieve the desired outcome. This is why the cost varies patient-to-patient, as no two faces are the same.

All patients begin their journey with a full-face assessment and thorough consultation. During this, a personalised quote will be provided for recommended treatment.

If you are interested in cosmetic injectables, please contact our cosmetic reception team to discuss, we will guide you on which injector is best for you.

# BOOKING & CANCELLATION POLICY

A deposit is required for all new patients. The deposit is fully refundable if you have a change of mind and wish to cancel, as long as you provide appropriate notice (48-hours or more).

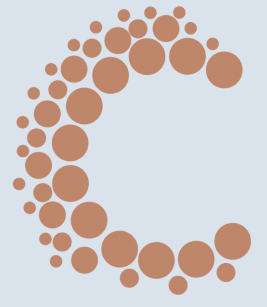

A deposit is required for all appointments that require a time allocation of 45 minutes or more.

A deposit *may* be required to secure a reoccurring booking during peak times (after-hours/Saturday).

We require 48-hours notice to cancel or reschedule your appointment. SMS reminders are sent 5 days prior to your appointment.

Late cancellation or not attending your confirmed appointment will result in a forfeited deposit or a cancellation fee.
